FLORIDA HEARD FROM

The Destruction Done by the Storm Was Very Great.

FORTUNATELY NO LOSS OF LIFE.

Idings Wrecked and Crops Destroyed. Several Vessels Sunk and Others Driven Ashore and Badly Wrecked.—The Gale Still Raging Along the Jersey Coast. Key West Not Heard From.

JACKSONVILLE, Fla., Sept. 29.—Communication with south Florida is being restored and special dispatches are pouring in on The Times-Union relating to the damage done by the West Indian cyclone which raged in the state Tuesday and Wednesday. The dispatches all tell the same story of houses wrecked and crops destroyed, but no loss of life is reported.

At Tampa several large cigar factories were wrecked. The large 3-story factory of Seidenberg & Company was destroyed. The factory of C. A. Joyce was demolished, as were also the factories of Yebor & Maunara, Theodore Perez & Company and O'Halloran. The First Presbyterian church and the palatial hotel, Tampa Bay, were badly damaged. Several smaller structures were also demolished. The total loss on buildings at Tampa is estimated at \$50,000.

Communication with Fernandina is also restored. The schooner Edward Stewart, which was loaded and lying at anchor, was blown across the river pulling her anchors with her, and is now lying on a mud flat about five feet of water. During the storm at Fernandina the British steamships Boston City and Elmville collided and were badly damaged.

The steamer Princess was sunk between Palatka and Picalota. She was valued at \$12,000. The steamer Edith was driven ashore. The steamer Debarry was driven against the drawbridge and wrecked. The steam yacht Maude was sunk near Crescent City.

Advices from St. Augustine, which have been cut off since Tuesday, state that no lives were lost but several houses were wrecked, and the losses will run into the thousands. Nearly all the windows in the city were blown in and the houses flooded with water. The Ponce de Leon hotel was damaged in this way. The loss on the hotel's furniture is heavy. The waves dashed over the sea wall and made rivers of the streets. Many wharves were blown away.

Between Green Cove Springs and Palatka on the St. Johns, 12 wharves have completely disappeared. Between Jacksonville and St. Augustine not a telegraph pole was left standing. The damage to the orange groves is incalculable. In the large groves the ground is completely covered with green oranges. The loss is fully 20 per cent.

The east coast is still cut off from communication below St. Augustine and Palatka. Every effort is being made to hear from Jupiter and Key West, which are supposed to have been in the storm's center. The storm was as severe in the interior of the state as on the coast. It struck Tampa and then traveled northeast for Jacksonville and St. Augustine. At Okaloosa and Orlando, interior points, several eels were found after the storm passed. It is safe to say that the storm has cost Florida more than a million dollars.

STORM STILL RAGING. ATLANTIC CITY, Sept. 29.—Heavy gales are raging along the coast and the storm is increasing in violence. The surf is dangerously rough along the beach, and the meadows between this city and the mainland are like a green bay. The railway tracks are covered and trains have much difficulty in crossing. Much damage is probable unless the storm abates.

STORM SUBSIDING. NORFOLK, Va., Sept. 29.—The storm is subsiding here, and thus far shipping appears to have gone through it safely. The vessel reported anchored near Virginia Beach passed the night all right and is still anchored there. Nothing is known at the signal office here of two vessels which outside dispatches reported were ashore near Norfolk.

Failed to Agree. FRANKFORT, Ind., Sept. 29.—The case of the state against John W. Paris for alleged complicity in wrecking the Greentown tank, in which ex-Governor Chase was also involved, has just terminated. This was Paris' second trial and it reached the jury Thursday night at 10 o'clock. It had the case for 24 hours and then failed to agree. Paris was declared guilty in the first trial.

One Hundred and Fifty Years Old. KERRVILLE, Tex., Sept. 29.—A Mexican named Moderecos died at Ingram, near this city, yesterday. His relatives and intimate friends assert most positively that he was 150 years old. He has been married five times, marrying his first wife 100 years ago. He had three grown sons in the war of 1812.

Desperate Prize Fight. SPRINGFIELD, Ill., Sept. 29.—A desperate prize fight occurred 20 miles from Springfield early yesterday morning between James, alias "Kid" Bain of Lancaster, Pa., and John, alias "Dummy" Rowan of St. Louis, for \$500 a side. Rowan won in the 23d round. Both men were badly punished.

Treasury Statement. WASHINGTON, Sept. 29.—The cash balance in the treasury at the close of business yesterday was \$122,380,236, gold reserve, \$58,798,494.

FOUNTAINS UNVEILED.

One Named For Miss Willard, the Other For Temperance.

CHICAGO, Sept. 29.—There was an immense gathering at the Woman's Temperance temple at 1 Friday afternoon on the occasion of the dedication and unveiling of the Chautauqua and Willard fountains. The audience filled the large assembly hall, overflowed into the corridors of the 10-story building and into the streets. Religious exercises prefaced the formal exercises, and then brief addresses were delivered by the six original organizers of the Woman's Christian Temperance union in Chautauqua, N. Y., Aug. 18, 1874. Mrs. Mattie McClellan Brown, Mrs. W. E. Knox, Mrs. Jennie F. Willing, Mrs. N. B. Niles, Mrs. Emily Huntington Miller and Mrs. E. J. Knowles. The fountain was then formally presented by Mrs. B. H. Danforth, and accepted by Mrs. Matilda B. Carse, president of the board of temple trustees.

Amid loud applause and the singing of a temperance hymn set to martial music, the fountain was then unveiled by Miss Frances E. Willard. Similar exercises marked the unveiling of the Willard fountain. The Chautauqua fountain, which sits in a corner of the main corridor leading to the hall, is a present from the Woman's Christian Temperance union of Chautauqua county, N. Y., in commemoration of the birth of the union in that county in August, 1874. The water runs from the mouth of a large bronze dolphin, which has standing on its head a boy about three feet high, also of bronze. The Willard fountain is a present from the children of the Woman's Christian Temperance union, and stands on the sidewalk in front of the Monroe street entrance of the temple. This fountain is surmounted by a little barefooted girl about four feet tall, and is also of bronze. It is to furnish water to horses as well as to people.

NORRIS WILL TESTIFY

Before the Lexow Committee About Green Goods Men and Their Ways.

NEW YORK, Sept. 29.—John T. Norris, the celebrated detective, is in the city for the purpose of testifying before the Lexow committee. He comes in response to a telegram from Lawyer Got.

Norris knows a good deal about the green goods men and their ways. The story he will tell the committee is supposed to be in connection with his fruitless efforts to arrest certain salaried workers in New York because of alleged disaffection of the police to arrest him. His evidence is expected to be very important.

Detective Norris is known all over the United States and Canada. He is an avowed enemy of Pinkerton. He is a fearless man.

FOUND BY A SPIRITUALIST,

But the Discovered Man Says Spirits Had Nothing to Do With It.

SAN FRANCISCO, Sept. 29.—Dr. Tynan, the capitalist, who after a disappearance for two years was found by Slater, the spiritualist, does not believe that Slater was aided by spirits in finding him. Slater said that the ghost of Maria Marvin Tynan, the doctor's first wife, told him where to find the missing man. Tynan says that Maria Marvin Tynan was his mother, not his wife, and that he believes that Slater merely saw him on the streets of Boston and recognized him as any other might have done. Tynan says he does not believe in spiritualism.

MURDER ON A FREIGHT TRAIN.

FORT WAYNE, Sept. 29.—A man named Burnett of Grand Rapids was murdered last night on a Pennsylvania freight train. A party of five well dressed fellows were stealing a ride in a boxcar, and when the train stopped at Van Wert, O., three men jumped on the car and proceeded to hold up the five others. Burnett drew his revolver, when one of the trio, a short sandy complexioned fellow about 26 years old, had the drop on him, and killed him instantly. The other four were held at bay until the train reached Delphos, when the three desperadoes dropped off and escaped.

BEATEN UP BY STRIKERS.

KANSAS CITY, Sept. 29.—Three striking switchmen beat E. G. Fish, assistant superintendent of the Burlington railway, severely yesterday near the Union depot annex. The men were W. S. Murphy, J. E. Coile and William Cross. They stopped Mr. Fish's buggy and demanded a certificate of good behavior from him, which he refused. Coile and Murphy threw stones, which painfully injured the superintendent's head, and then dragged him from his buggy and beat him. Murphy was arrested but Coile got away. Cross did not act very offensively and was let go.

CORROBORATES SWAYNE.

SPRINGFIELD, Ill., Sept. 29.—Dr. Edward Vincent, surgeon of the Peary Arctic expedition, in a letter to his father, Dr. John A. Vincent, president of the state board of health, corroborates the charges made by W. T. Swayne, Peary's private secretary, sent out from Philadelphia by the Associated Press. Dr. Vincent charges Lieutenant Peary with neglect, incompetency and general fraud, and says the expedition started out with far less supplies than what Peary stated, and that Peary has "fooled the people to a large extent and mismanaged the expedition."

MADAM DROVE TO DEATH.

MCKINNEY, Ky., Sept. 29.—Corra, the 8-year-old daughter of George Reynolds, was playing about a fire that had been kindled near the house by the washerwoman, when her clothing ignited, and she was soon enveloped in flames burning her so badly that she died in great agony.

CHANG IS IN CHARGE

China's Viceroy Now Controls the Entire Army.

CHINESE TROOPS ARE MASSING.

Corea Has Been Evacuated and Chin-Lien-Ching Is Now the Headquarters of the Chinese Army — Dissatisfaction Among the Soldiers — Japan in Favor of Continuing the War — Other War News.

SHANGHAI, Sept. 29.—It is reported that the emperor has granted Li Hung Chang's request to be allowed to take the field in person, and that Li Hung Chang will make his headquarters at Lu-Tai near Kai-Ping, the present headquarters of the provincial commander-in-chief of Chih-Li.

It is also reported that the Chinese troops have evacuated Corea and are now massed at Chin-Lien-Ching, 30 miles westward of the Yalu river.

It is stated that there have been numerous desertions from the Chinese army of late because of the faulty condition of the arms and ammunition supplied to the troops.

Another junk that was sailing through the north channel in order to evade the guard boats struck a torpedo and was blown to pieces. Several men were drowned.

FROM A JAPANESE SOURCE.

The London Times' Dispatches From Yokohama.

LONDON, Sept. 29.—A dispatch to The Times from Yokohama says: "The destination of the second Japanese army of 50,000 men, is kept secret. The Japanese army in Corea is rapidly advancing north. No resistance to its progress is expected on this side of the Chinese frontier. There is no truth in the rumor of an armistice."

A dispatch from Shanghai, dated Friday, says: "It is believed that the emperor contemplates a change of advisers and the dismissal of all the mandarins and others who have been concerned in the conduct of the war."

Affairs at Pekin are tending towards an imperial coup d'etat involving the overthrow of Li Hung Chang and other statesmen.

It is expected that the captain of the Chinese ship Kwang Hui will also be beheaded for cowardice and for stranding his vessel in an attempt to escape during the action off the Yalu river. The evidence against him is strong.

China Perfectly Helpless.

NEW YORK, Sept. 29.—A special from Shanghai says: "The Chinese army at Wi-Ju on the Yalu river, which is opposing the advance of the main Japanese army in Corea has mutilated. The men are throwing away their arms because they have no ammunition, being cut off from their base of supplies."

The Chinese defenses have completely collapsed and are now only a farce. There is a panic in Pekin, and the very name Japanese inspires terror everywhere. China is perfectly helpless.

Japan in Favor of War.

YOKOHAMA, Sept. 29.—The general public is in favor of continuing the war against China in defiance of all obstacles and is urged that a desperate attack upon Pekin be made. All party feeling for the time will be suspended, and the diet will readily vote whatever credits are needed. Reinforcements are continually going forward, but nothing is known in regard to their destination.

Japanese Win Another Victory.

LONDON, Sept. 29.—The Japanese are reported to have won a decisive victory on Chinese territory, between Moukden and the frontier. At the Chinese embassy here the report is discredited.

CROOK CAUGHT.

Richard Davis, Wanted in Cincinnati, Arrested in New York.

NEW YORK, Sept. 29.—Richard Davis, a crook known all over the country and now wanted particularly in Cincinnati, is in custody. In company with two pals named Bob Bowman and Charles Becker, Davis went over the country passing bogus drafts. In April last Davis went into the Lafayette bank in Cincinnati, and presented a draft to the paying teller for \$1,200. It was drawn to the order of James Camp and signed by A. Senior & Son of Cincinnati. On the back was an endorsement waiving identification. The money was paid, and some days later it was found that the \$1,200 had been raised from \$12.4

The police in every city in the United States were placed on the case. He was identified by his picture held by the Cincinnati police. The police here knew that the man while in New York frequented a house in West Forty-eighth street, and there he was caught. Davis was arrested in this city in 1883 for forging a check of \$500 on the firm of Harris & Company, 11 Wall street. For this he served six years. Bowman, one of Davis' partners, is now under arrest in Atlantic, Ia.

GUILTY OF TRAIN WRECKING.

Three Arrests Made and a Startling Confession Follows.

TERRE HATTE, Ind., Sept. 29.—A sensation was created here last night when it was learned beyond a doubt that George Roberts, Fred Eppert, Charles Miller, William Tully and William Sourwine were guilty of turning the switch and wrecking a Big Four passenger train at Fontanet, 14 miles east of this city, on the night of July 12, when both the engineer and fireman were killed. Eppert, Miller and Tully have been

in jail since Thursday and Sourwine was arrested at Fontanet at midnight last night. Roberts has made a confession in which he gives the details of the crime and the names of the guilty parties. The confession fully exonerates Ed Holoway, who has been in jail during the past three months charged with the crime on alleged confessions to the Big Four detectives.

DUN'S REVIEW OF TRADE.

A Marked Improvement Over What It Was One Year Ago.

NEW YORK, Sept. 29.—R. G. Dun & Company's weekly review of trade says: Special inquiry has been made this week at all commercial centers regarding the state of retail trade. Wide diversity appears in different trades. The main facts disclosed are, first, marked improvement within the past month and a considerable excess over the business done a year ago, particularly in the necessities of life. But second, it appears that the volume of trade at present is on the whole considerably less than in a normal year at most points, and in the more important trades is apparently about 20 per cent smaller than in September, 1892.

Evidence of continued improvement in wholesale trade and manufacture does not appear this week. There is large distribution on orders given some time ago, but new business going to the manufacturers is everywhere slackening. The completion of orders for replenishment of stocks leaves a narrower demand, and it is yet too early for consumption to provide further orders.

The depression in prices of farm products will have some influence. Unprecedented records have been made in cotton and wheat, though as to wheat only in contracts for future delivery, in which the prices are the lowest ever made. The available stocks are about 15,000,000 bushels greater than a year ago, and western receipts for the week were 3,252,716 bushels, against 6,191,034 last year, and since Aug. 1, 51,000,000 bushels, against 38,000,000 last year. The Atlantic exports for the week and since Aug. 1, have been about a third smaller than last year, but the fall in prices during the week has been 1.75 cents.

Cotton on the spot is lower, at 6.44 cents than at any other time since 1883, and quotations then did not mean what they do now, while the nearest option has been quoted at 6.04 cents, which is below all previous records. Even at the close the fall for the week is one-quarter. An estimate of 9,000,000 bales minimum this year has influenced the market, but would receive less attention if stocks in sight were not heavy, while all agree that this crop is likely to exceed the world's requirements of American cotton.

It is encouraging that the speculation in corn has broken, and the price has fallen five cents. It is now supposed that the yield is not far from 1,500,000,000 bushels, which will compel much economy in feeding, but speculation in pork has also broken and the price has fallen 75 cents, while lard has declined one-half a cent.

The iron industry shows a shrinkage of demand, and the prices quoted today are but little above the lowest this year. Bessemer pig is weaker at \$11 at Pittsburgh, with an impression that excess of production must cause further decline unless lower prices are made for steel rails. Billets, structural forms and nails are a shade weaker, and in eastern markets competition of works to get business tends to destroy profits. There is more business at the west, and Chicago reports a good demand for sheets, for bar in small lots and for coke pig, though plates and boiler tubes are weaker.

The boot and shoe manufacture continues to lead others in comparative activity, and shipments from Boston for the month have been 338,097 cases, against 222,623 last year, and 328,106 in 1892.

Failures are few and small, for the week's liabilities amounting to \$5,278,255, of which \$2,382,313 were of manufacturing and \$2,575,112 of trading concerns. The failures during the week have been 235 in the United States, against 334 last year, and 55 in Canada, against 83 last year.

Woman Killed.

PITTSBURGH, Sept. 29.—Mrs. W. L. Jones, wife of a prominent insurance agent who represents a number of leading foreign companies here, was killed yesterday evening just as she was starting out for a drive. Mr. and Mrs. Jones had just stepped into their surrey, when the horses backed the vehicle in front of a rapidly moving Duquesne electric car. The collision threw both occupants of the surrey violently to the ground, breaking both of Mrs. Jones' legs and badly bruising her husband. The lady died shortly afterward from the effects of her injuries. She was very prominent in social circles.

Moonshiners Surrender.

LITTLE ROCK, Sept. 29.—Twenty moonshiners who have operated in Pope county for years will surrender to revenue officers at Coe, Pope county, on Monday. Several revenue officers of this city have left for Coe to take charge of the illicit distilleries and destroy their stills. The men, according to an agreement with the officers, will plead guilty to illicit distilling and receive the minimum sentence, and revenue officers have been pressing them for several months and succeeded in getting them to a point where they are compelled to surrender.

Snatched in a Hotel.

ST. LOUIS, Sept. 29.—Charles A. Plummer, a cotton broker of Petersburg, Va., was found dead in his room at the St. James hotel last night, having shot himself through the right side. From letters and telegrams found among his effects it is conjectured that business and financial troubles led him to commit the act.

TALK WITH WELLMAN

The Arctic Explorer Not Discouraged by His Failure.

HE WILL MAKE ANOTHER TRIP.

His Plan He Considers the Best and Gives His Reasons For So Thinking—Aluminum Boats Fulfilled His Expectations. Preparations Being Made For the Next Trip.

WASHINGTON, Sept. 29.—Walter Wellman, the newspaper correspondent, who distinguished himself by a dash for the north pole this summer, arrived at his home last night. He was accompanied by his wife, who went on to New York to meet him. Over the partial failure of his expedition, Mr. Wellman is in no wise discouraged. So confident is Mr. Wellman of the feasibility of the plan of which he was the originator, that he will make another attempt to reach a hitherto unattained latitude next summer and will make it along the same general lines which he pursued this year.

When asked if he considered his route the best one yet attempted, he said: "It is one of the best. Perhaps if a man has unlimited time to devote to an expedition, the trip by way of Franz Joseph's Land would be the best, taking Franz Joseph's Land as the basis of operations, but that would require two or three years or more. Indeed, it is only possible to reach Franz Joseph's Land about one year in three."

"The aluminum boats," Mr. Wellman continued, "entirely fulfilled our expectations. Undoubtedly they will be considered one of the most essential features of an outfit for travel in those regions, where it is necessary to drag the boats long distances over the ice, and where lightness is a quality almost as requisite as strength in all of the outfit. The Jackson expedition, which starts from Greenland this season, will be provided with them."

"Our party received only the best treatment from the scientists and the press of London, Paris and Norway, and were made the recipients of kindness which we can not forget. Confidence in the practicability of our plans was generally expressed, even after our return. I spent some time on our way home in consultation with experts in Berlin and elsewhere, securing information which will be of advantage next season. My time this winter will be devoted to preparations for the next expedition. It may be necessary for me to return to Europe within a few weeks to perfect arrangements. The personnel of the party will be somewhat changed, as some of the scientific men have other engagements. All of the Norwegians are anxious to accompany me next year. More than this I can not now say of my plans."

The dissensions which have arisen in the Peary party were mentioned, and Mr. Wellman remarked: "There is always more or less of what we call 'kicking' incidental to such an expedition, but those who endeavor to discredit the enterprise usually succeed in only discrediting themselves. Happily our party was almost free from dissension. Men must expect hardships when they undertake such work."

"How would you answer the question," he was asked, "which has always been a matter of debate whether the results possible to be gained from Arctic expeditions, can compensate for the risks, hardships and costs?"

"That is a matter of opinion, like the tariff question. I have my opinion on it, as I have on the tariff question. People who do not believe in Arctic explorations had better stay out of it, but would do well to accredit good intentions and honesty of purpose to those who undertake it."

TWO MEN PERISHED.

Nanaimo the Scene of a Hundred Thousand Dollar Blaze.

NANAIMO, B. C., Sept. 29.—Two men were burned to death, two other men and a little girl were badly injured and \$100,000 worth of property destroyed by fire that broke out here at 5 a. m. yesterday. The fire started at the corner of Wharf and Commercial streets in the Royal hotel, which was destroyed.

Pat Mayce, bootblack, and a bartender known as "Fritz," employees in the hotel, were burned to death. Three guests were badly injured. The flames spread in a northerly direction along Wharf street, destroying the fire wall, the Nanaimo hotel, C. E. Stevenson's dry goods store and five small frame buildings. That the newer part of the town was not completely wiped out was due to the absence of wind and to the heroic work of the volunteer fire brigade.

"Jack the Whipper" in Chicago.

CHICAGO, Sept. 29.—"Jack the Whipper" has broken loose and is making life full of terror to the female bicyclists who ride in Washington park during the evening. Jack has a frantic aversion to the bloomers, and his method of expressing his disapproval is to plant a few lusty welts with a rawhide upon every pair of bloomers that he can find with a girl inside them. His plan for the last two nights has been to wait behind a tree until a bicyclist in bloomers comes along, then he springs out and plies the rawhide vigorously. He has severely whipped two young women and pursued several others. The park policemen have so far been unable to catch him.

HUNTINGTON, Ind., Sept. 29.—While attending the fair here Mrs. Peter Kiser was robbed of her pocketbook containing over \$1,000.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

SATURDAY, SEPTEMBER 29, 1894.

The editor of the Ledger should study his dictionary a little more closely.

"Shoe Merchant," who sent a communication to the Bulletin Friday, will confer a favor by letting us know who he is.

"The new tariff," says a Republican organ, "reduces window glass thirty-one cents on every box of fifty feet. As 95 per cent. of the cost of production is labor, it is plain that the workingman will be compelled to suffer at least 30 per cent. of a cut in his wages to be on an even basis." If wages follow tariffs, name a workingman whose wages were increased to put him "on an even basis" with the high tariff of the McKinley law, pointedly observes the Courier-Journal.

A big iron and steel concern, the Massey Manufacturing Company, is coming over from Canada. Its President in an interview thus gives the reasons for the change of base:

That new Democratic tariff of yours will benefit your country immensely. By freeing raw materials it will cheapen the cost of manufactured articles both to manufacturer and consumer. It will draw to your side manufacturing concerns from Canada who want a wider market and an opportunity to manufacture goods cheaper and more profitably. It is that new tariff bill which has attracted us to your shores.

It was a claim of the Republicans that the McKinley tariff would bring manufacturers to this country. It is a fact, observes an exchange, that the present tariff is bringing them.

Suppose every person in Maysville should take a notion to buy their shoes in Cincinnati;—how long would our shoe merchants continue business? And if they were all to quit business, how many empty stores would there be, and how many clerks would be thrown out of employment? This is the logic of free trade, which means to patronize foreign markets and let the home dealers go to the demdition how-wows.—Public Ledger.

No danger anything of the kind you mention, will happen, but while you are supposin, just suppose that the manufacturers of Maysville had to depend on the people of Maysville to consume all the goods they make; and suppose the farmers of Mason County were limited to Maysville as a market for their corn, and tobacco and wheat &c., &c. Just suppose all this, how long would our factories run, and what would our farm products be worth?

If it were not for the "foreign" markets, what would become of the surplus products of this country? Statistics show that the more goods a country imports the more she exports, and that business is stimulated and benefited all around. "That's the logic of free trade."

THE DUTY OF THE HOUR.

The November election is near at hand and the Frankfort Capital aptly remarks that it is the duty of every loyal Democrat to close up the ranks and work valiantly for the nominees of his party, and vote as he works. It is not good politics nor loyalty to the cause he advocates for any Democrat to falter in his duty because his companion in the contest differed with him in choice of leaders. Every good Democrat should follow the flag, although he may have preferred some other than its bearer to lead the column. The common enemy is the object of attack, and Democrats can not afford to leave the ranks in front of the foe to discuss personal differences. In politics, a danger to be sedulously avoided is internal dissension, and where great principles are at stake the smallest sacrifice a loyal Democrat can make is personal resentment and prejudice. The duty of the hour is apparent, and all good Democrats should understand and obey it.

Guaranteed Cure.

We authorize our advertised druggist to sell Dr. King's New Discovery for consumption, coughs and colds, upon this condition. If you are afflicted with a cough, cold or any lung, throat or chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at J. J. Wood's drug store. Large size 50c. and \$1.

At West Union, O., Thursday, ex-Probate Judge I. N. Tolle filed suit against Wilbur Thurston, one of the school examiners of Adams County. Both Tolle and Thurston were candidates for County offices last fall, and were defeated. Thurston was assessed \$1,200 by the Democratic Central committee, as his share of the campaign fund. Not having the money, he mortgaged his farm for part of it. He also borrowed \$350 from Judge Tolle. Thurston, it is charged, refused to pay and left the State, it is claimed, to avoid payment.

FACTS FOR THE FARMERS.

Significant Statistics Showing the Change in Agricultural Values Under a High Tariff.

This country has been living under a high tariff for thirty years, and the Atlanta Constitution gives some statistics that farmers everywhere should study well.

"Agriculture," says the Constitution, "is the basis of our National prosperity. When farmers are prosperous, and when the harvests are plentiful and prices good, the effect is felt in every branch of industry—the people are prosperous, commerce is active, and the horn of plenty is big end down.

"We publish below some interesting and significant agricultural statistics taken from the Government reports. Being official, it can not be said that they were prepared to point any special moral or adorn any tale. They are simply statistics, and statistics are facts.

"There has been a considerable change in agricultural values since 1870, and the story is best told by the reproduction of the following statistics:

The average size of a farm in the United States:

1870.....	153 acres
1880.....	133 acres
1890.....	107 acres

Average value per acre:

1870.....	\$56 00
1880.....	46 00
1890.....	28 00

The average value of each farm:

1870.....	\$3,430 00
1880.....	2,428 00
1890.....	1,620 00

Value of average acre of wheat:

1867.....	\$23 05
1880.....	12 48
1892.....	8 33

Value of average acre of corn:

1867.....	\$18 77
1880.....	10 91
1892.....	9 09

Value of average acre of oats:

1867.....	\$16 05
1880.....	9 28
1892.....	7 73

Value of average acre of rye:

1867.....	\$19 21
1880.....	10 50
1888.....	7 73

Value of average acre of barley:

1867.....	\$20 00
1880.....	14 11
1888.....	12 57

Value of average acre of buckwheat:

1867.....	\$19 11
1880.....	10 55
1888.....	8 36

The value and amount of total productions:

	Bushels.	Aeres.	Value.
1867.....	1,329,729,400	65,636,449	\$1,291,037,300
1880.....	2,718,193,501	120,926,286	1,861,497,704
1888.....	3,209,742,300	146,281,000	1,820,255,398

"It will be observed that the price of wheat, together with that of all cereals, has been growing steadily less, and that with more than twice the number of bushels of gross production upon nearly three times the number of acres of land, the money received for the product is practically the same. The value of all cattle has decreased in the same proportion, but the interest and the tax remain the same. Thus it will be seen that it takes double the amount of labor to-day to liquidate an obligation that it took in 1870."

Wonder if farmers will suffer themselves to be gulled into voting to return the Republicans to power.

Smallest on Record.

Deputy Collector Baldwin reports the following receipts of internal revenue at this point during September:

Spirits.....	\$1,300 01
Cigars.....	562 30
Tobacco.....	141 60
Special tax.....	83 31
Total.....	\$2,147 28

These are the smallest receipts for any month in the history of the office. The falling off is due to the big business last month and the month before. The receipts in August were \$45,000 and in July \$50,000, in round numbers.

Coal! Coal!

The Citizens' Coal Company, on Commerce street, Fifth ward, have received a supply of Pomeroy coal equal to the Peacock coal and will sell delivered, for cash, as cheap as any in the market. All orders filled promptly.

J. HAMILTON, agent.

Notice.

We are just receiving fresh from the mines shipments of our celebrated Williams coal at reduced prices. Call and see us.

GABLE BROS.

LEXINGTON is making preparations to entertain the Kentucky Brigade, U. R. K. of P., at the annual meeting next Monday and Tuesday.

THE Postoffice Department at Washington has decided to discontinue the letter sheet envelopes. Some time ago the manufacture of them was stopped. The letter sheet envelopes were introduced with a big hurrah in 1886, and it was thought a long-felt want had been met, but while this form of postal stationery has proved successful in the European countries, it has been demonstrated that it is wholly impracticable here. The department in its circular says: "Those who use these letter sheet envelopes, or desire to preserve specimens thereof, should avail themselves of the opportunity yet left to purchase them. They can be had only at Presidential offices."

The Old Friend

And the best friend that never fails you is Simmons Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than pills, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

42-**EVERY PACKAGE** Has the Z stamp in red on wrapper J. H. ZEILIN & CO., Philadelphia, Pa.

GENERAL HARDIN will speak at Elizaville October 9th.

SERVICES at the Bethel Baptist Church to-morrow at the usual hours. Preaching by the pastor.

Dr. W. S. YAZELL has moved to the office and residence of Dr. G. M. Phillips on Sutton street.

MR. WALKER BAUGHMAN will have charge of the Winchester Opera House under lessee Kinneman.

WHEN your watch needs repairing, take it to Ballenger, the jeweler. He has every facility for such work, and guarantees a satisfactory job in every case.

CHARLTON WALLACE, who was Manager of the Lexington ball club the past season, has gone to New York to attend Columbia College.

DIED, Wednesday, September 26th, at her home near Helena, Mrs. Samuel Hall. Interment Thursday at Wedonia. Mrs. Hall was a daughter of Harvey Faris, and is the third member of the family to die within three weeks.

At Cincinnati a transcript was filed in the U. S. Court Thursday in the case of Kate Brennen, administratrix of Joseph M. Thomas, deceased, against the C. and O. railroad, praying for damages in the sum of \$10,000.

WHEN you start out to select an overcoat or a suit of clothes, don't fail to call at Hechinger & Co.'s. This old and popular firm secured great bargains in this line of goods for the fall trade, and it will be your fault if you don't secure some of these bargains.

WILLIAM M. FULTON, who was raised back of Aberdeen, was nominated a few days ago for the office of State Senator by the Populists of Grand Junction, Col. The district is composed of Gunnison, Delta and Mesa counties. The Democrats will likely indorse Mr. Fulton's nomination.

CHURCH OF THE DISCIPLES—The usual morning and night service to-morrow. Subject at 10:45 a. m., "A Religion For All Time." Subject at 7 p. m., "A Contrast, the Theology That is Passing Away; the Religion That is Coming." Sunday school 9:30 a. m. Y. P. S. C. E. at 6 p. m. Newman Smyth's "Old Faiths" in "New Light" must mean, dress up the "old faiths" in the thought—clothes of today. All who come are heartily welcomed.

E. B. CAKE, Pastor.

COME out to-morrow afternoon! at 3:45 to the men's gospel meeting in Y. M. C. A. hall. Mr. Allen D. Cole will be leader. Subject, "Abide in Christ." Good short talks, good singing and a spiritual feast which will make your soul rejoice. The library is well stacked with magazines, papers and books so that should you need a place in which to pass the afternoon, Y. M. C. A. hall is the place; room open all day. You ought to lend a helping hand to this organization for it is to make all classes better.

MR. W. A. SUDUTH, a well-known attorney of Louisville, formerly of Flemingsburg, was assaulted by R. A. Mitchell, a prominent lawyer of Mt. Sterling. They were on board a C. and O. train near Mt. Sterling at the time. Neither party was injured. The only reason Mr. Suduth can imagine for the attack is on account of the litigation following the assignment of the new Farmers' Bank at Mount Sterling, of which Mitchell's uncle was President. The Columbia Finance and Trust Company, of Louisville, was appointed trustee by the court, and this greatly incensed the Mitchell's. Mr. Suduth represents the Columbia.

SEPTEMBER

Recalls us to the fact that we are on the threshold of another season. It is none too early for us to mention the leading Dress Goods for the Fall, and to offer a beautiful assortment of the same upon our counters.

Covert Cloths

In all leading shades, including the fashionable Corn Flower Blue. This fabric promises to be one of the most popular materials of the season. We offer it in quality and price to suit all tastes and purses, cost ranging from 50 cents to \$1 per yard.

Novelty Dress Goods

In Silk and Wool mixtures. Hundreds of weaves march out under this banner. Dainty Silk and Wool fabrics flash hands in some of the loveliest combinations ever shown. A look through this assortment will fully repay any one for the trouble, and a pleasant surprise awaits the ladies in the handsome goods offered for 50 cents a yard.

We mean business this year, and plenty of it. We have swung our war club of determination, and this season will mark our greatest effort to please our patrons and reap more glory.

ENCOURAGED

By my unprecedented sales during the last season, and being determined to still further increase them, I have closed contracts for an immense stock of

Canned Goods and Fancy Groceries,

of all kinds, bought from first hands when the "scare was on," at extremely low figures for CASH. Having closed out all old goods, my stock will be new and clean and of the very best quality. I will continue my popular system of

Special Cut Prices to Cash Buyers,

so watch this space, as it will from time to time, during the season, contain some startling announcements. In the meantime, come right along with your cash and get more goods and better goods than you can at any other place. Remember "Perfection" Flour is the best. Our blended Coffee has no equal. Try them.

FOR YOU,

Who have always and still buy of us, we have but one word—**THANKS**; but to those who do not know us, or rather who do not buy of us, we have another word—**INVESTIGATE**. We will convince you our goods have merit, original merit. Nowhere else will

you find the high class of Clothing we sell. **WE BUY OF THE BEST MANUFACTURERS ONLY.** For this season's trade we were fortunate enough to secure some great bargains in

Extra Fine Suits and Overcoats!

They were bought early, at the time when manufacturers were uncertain as to the future. We want you to call and examine our Fall and Winter line of Clothing. We will save you money, and at same time you secure styles and qualities you will not find elsewhere. Respectfully,

THE ODDFELLOWS WON.

They Downed the Masons Friday Afternoon—Now For the Big Game Next Monday.

The Oddfellows downed the Masons in the game of ball Friday afternoon, defeating them by a score of 23 to 14. Up to the fifth or sixth inning, things looked rather blue for the I. O. O. F. nine. They had scored but once to the eleven runs for their opponents. They finally put "Willie Green" Hill in the box. He held the Masons down at the bat, and then the Oddfellows shortly afterwards caught on to George Keith's curves and batted the ball all over the field. The feature of the game was "Brownie" Nelson's playing as short stop for the I. O. O. F. The small crowd present enjoyed the contest greatly.

THE CLEVELANDS NEXT MONDAY.

The big Cleveland League team will be here next Monday afternoon. Remember this will be the last and the greatest game of the season, and all lovers of the sport should be on hand. Manager Watson has gone to great expense to secure this team and the people of Maysville and surrounding country should show their appreciation by turning out in large numbers. Don't miss it.

Haucke's Reed and Brass Band will give an open air concert at the ball park Monday afternoon, during the great game of base ball between the Cleveland and Maysville base ball clubs.

THE Joseph R. Peebles' Sons Company, of Cincinnati, enjoys a wonderfully large trade and a great reputation for fine old wines, whiskies and brandies. Same are for sale in Maysville only at Chenoweth's drug store. See samples in window.

MR. GORDON SULSER, who graduated last June from the Male Department of the High School, and who went to Danville a few weeks ago to attend Centre College, passed such an excellent examination there that he was admitted at once to the Sophomore class. This speaks highly not only for the young man, but also for Maysville's High School. Mr. Sulser's many friends will be glad to learn of his success.

WHERE TO REGISTER.

Next Tuesday the Day—If You Fail to Register, You Can't Vote.

Next Tuesday is the day of the annual registration of the voters of Maysville, and in order to vote during the coming year you must first go and register.

The places of registration will be open from 6 a. m. till 9 p. m., which will give every voter ample opportunity to attend to this important duty.

Below is a list of the officers who will conduct the registration, together with the place of holding it in each ward.

First Ward—Jacob Outten's Shop—William Davis and M. J. McCarthy Judges, Samuel McNatt Sheriff, John W. Thompson Clerk.

Second Ward—Connell Chamber—Daniel Perrine and James H. Rains Judges, W. C. Miner Sheriff, W. R. Warder Clerk.

Our Business:

Just three weeks ago we opened our doors for business. The good people of Mason and adjoining counties have shown their appreciation of a first-class Shoe Store, and our most sanguine expectations have been passed. Our future success depends upon your patronage; we will merit it in this way: *By giving you all the latest novelties and approved styles—everything that is honest and good in Footwear at the very lowest margin of profit.* We will never deceive you in advertisements, nor permit our salesmen to misrepresent our goods. *We mean to stay; watch us grow.* As beginners, we do not expect to run the town. We will be satisfied for awhile with a fair share of the trade, and this we already have. But when it is once seen that we keep nothing but A 1 goods and sell them for less money than others ask for inferior qualities, then—then it will come our way. Our system: Satisfaction guaranteed or money refunded. This speaks volumes for our confidence in our goods and more for our prices.

MRS. PEARY INTERVIEWED.

She Indignantly Denies the Statement Made by Mr. Swayne.

WASHINGTON, Sept. 29.—Mrs. Peary, wife of Lieutenant Peary the explorer, made an indignant denial of the charge made by W. T. Swayne, one of the members of the expedition against Lieutenant Peary's conduct and also the food furnished. As to the charge of ungentlemanliness Mrs. Peary said that her husband was over scrupulous in his treatment of the men. Mrs. Peary added: "As to the fare, he gave them the very best it was possible to obtain. Everybody in the party was treated with entire impartiality. Mr. Peary ate at the table with the men and shared with them in every way."

"I could not, of course, go to the public table on account of my baby. I had to hold the little one in my arms and it made it very inconvenient to eat there. A number of my friends sent me some canned things, and Mr. Peary made me keep them for myself. He would never touch any of these things himself, however, saying that he preferred to share in every particular with the men."

"If there is any discussion in regard to the food Mrs. Cross, the trained nurse, who acted as cook, can settle the whole matter. She knows very well how Lieutenant Peary tried to obtain the proper rations."

"Were the men sent on these long trips without any preparation as Swayne alleges?" was asked.

"Well, I don't exactly know what is meant by preparations," replied Mrs. Peary. "All the preparations they had to make was to hitch up the dogs and put on their furs. As to Mr. Swayne's lameness he had what is termed infantile paralysis. He was lame on that account and no other."

VICTORY FOR ARBITRATION.

Massillon Miners Agree to an Agreement and Go to Work.

MASSILLON, O., Sept. 29.—After an all night's session the miners agreed to return to work and leave their grievance to a board of arbitration. Everybody is jubilant over the conclusion of the strike, and on every hand is heard praise for the splendid work of the state board, whose members came unsolicited and have succeeded in effecting a basis of settlement in one week. The following are the resolutions adopted:

RESOLVED, That we, in convention assembled, representing the employees of the mine operators of the Massillon district, agree to submit for a settlement the matters of difference between said employees and their several employers to a local board of arbitration as provided in Section 10 of the arbitration act of Ohio, one arbitrator to be selected by said employees, one by said employers and the third by the two thus chosen.

RESOLVED, That the committee appointed by the meeting for the purpose be authorized and directed to sign the necessary articles on behalf of such employees for such arbitration if said operators agree thereto.

RESOLVED, That we recommend to our constituent that they go to work in the several mines of the district as early as practicable, and not later than Tuesday, pending the result of arbitration.

Bound to Die.

MARTIN'S CRY, O., Sept. 29.—Miss Etta Cash, 30, made three attempts at suicide, will hardly recover. She tried to drown herself, but the water was too low. She then made two attempts to cut her throat from ear to ear with a razor. She persists in tearing the bandage from her throat. She is 28 years old, accomplished, and has always been active in religious and charitable work. She was superintendent of the Sunday school at Compher, near where she lived, for several years. Her father, Jonathan C. Cash, is a well known farmer, and the family is one of the best known in Belmont county. Miss Cash wanted to become a missionary deaconess, but was prevented from obtaining her desire. The idea soon became monomania with her, and has led to a desire to end her life.

Street Laborers Fight.

DETROIT, Sept. 29.—Several laborers got into an altercation over the mixing of some cement for use in street paving at the corner of Third avenue and Joy street yesterday afternoon. In the melee which ensued Frank Grabouski was struck a terrible blow on the head by a shovel wielded by one of his opponents, supposed to be James Kennedy. Grabouski was taken to a hospital. Several splinters of bone were extracted from his head, and he lies in a critical condition.

Probably a Clue to the Murder.

CLEVELAND, Sept. 29.—The police have found a man who saw Caven on the street in company with a married woman the afternoon before he was murdered. This woman he had before seen with Caven in the same place, which is the disreputable district where the crime was committed. He does not know who she is, but can identify her on sight, and when she is located, her husband will be arrested for the murder, if found.

Death of an Old Newspaper Man.

ZANESVILLE, O., Sept. 29.—Pius Padgett, secretary of the Zanesville water works and one of the most prominent Democrats in the city, is dead. He was an old newspaper man and father of G. L. Padgett, city editor of the Zanesville Signal.

Broke Both Legs.

DELAWARE, O., Sept. 29.—Mrs. James Mitchell, prominent here, while attempting to hang a small picture in her home, fell from a stand, breaking both legs, one in two places. Being quite elderly it is feared she will be a cripple for life.

The Latest Fish Story.

CHAUNCEY, O., Sept. 29.—John Stadler found a dead catfish weighing 51 pounds on a sandbar in the Hocking river, and in its stomach was a Waterbury watch.

Joined His Father.

COLUMBUS, O., Sept. 29.—Harry Moore has just come to the penitentiary from Tuscarawas county for grand larceny. His father is already there for wife murder.

AGUE AND MALARIA.

As Described By a Medical Writer.

The regular, old-fashioned fever and ague or chills and fever is, indeed, bad enough, but far worse to bear is that kindred disease known as chronic malaria. The old-time chills and fever would produce a distinct chill, followed by fever and sweating, when the victim would have a respite of one, two or three days in which to recuperate and regain his courage and strength. But not so with chronic malaria. Every day—morning, noon and night—chronic malaria will plague and tease its victim with miserable, creeping rigors, nasty, cold sweats, bitter taste, coated tongue, sallow skin, loss of appetite, confused mental faculties, heavy, stupid listlessness, and a host of similar symptoms as infernal as they are persistent—not a day's intermission nor an hour's cessation. Work is a wearisome worry, study sickening and senseless, and play a prosy impossibility.

The ordinary treatment for malaria is not of the least possible use in such cases. It only seems to aggravate it. Unless a thorough course of Pe-ru-na is taken the patient will seek in vain for medical relief. The effect of Pe-ru-na is pleasant, positive and permanent.

Specific directions for the use of Pe-ru-na in these cases can be obtained by sending for a free book on malaria, published by The Pe-ru-na Drug Manufacturing Company, of Columbus, Ohio.

Forest Fires in Minnesota.

BRAINERD, Minn., Sept. 29.—No further news with regard to the forest fires can be obtained. The smoke of the burned district is so dense that it is impossible to investigate, although fears are entertained that the family of Joe Myers perished, as nothing can be heard of them and their farm can not be reached. John Cameron, four miles out of town, lost two barns, 80 tons of hay, 100 cords of wood and all his grain. The fire has abated.

Argument All In.

CHICAGO, Sept. 29.—The arguments in the Debs case were completed yesterday. Attorney Irwin of St. Paul finished for the defense in an eloquent address in which he intimated that the rumors that the railroad officials were responsible for the burning of cars during the strike would be thoroughly investigated. Associate Counsel Edwin Walker made the closing speech for the prosecution.

Mr. Will Thomas, formerly of this city, has been elected Business Manager of Danville's foot ball team.

THERE will be the usual services at the M. E. Church, South, to-morrow, Sunday school at 9:15 a. m. Public worship at 10:30 a. m. Young People's Society at 6 p. m. Preaching at 7 p. m. T. W. WATTS, Pastor.

FIRST BAPTIST CHURCH—Services may be expected to-morrow morning and evening beginning promptly at 10:30 a. m. and 7 p. m. Attention is called to the change of the hour of evening worship. Young People's Union will meet at 6 p. m. Sunday school at 9:15 a. m. All are cordially invited to worship with us. ROBERT G. PATRICK, Pastor.

Broke His Arm.

An unfortunate accident marred the sport at the game of ball Friday afternoon. Mr. Simon Crowell was to pitch for the Oddfellows, but while throwing a ball before the game commenced he gave his arm a wrench and broke it just above the elbow. He was brought down town, had the fractured bones set and is getting along as well as could be expected. It will disable him for some time.

Veta Faces in 2:17½.

We clip the following from a Baltimore paper of a recent date:

The second event of the day, which was a 2:27 pace, furnished one of the pleasing sensations of the day. Veta, a three-year-old daughter of Dunton Wilkes and owned by Mr. Joe Heehinger, of the Forest Stock Farm of Baltimore County, not only won the race in straight heats, but paced the second heat in 2:17½, breaking the track's record of 2:19½.

Mr. Joe Heehinger is the eldest son of the late Ferdinand Heehinger, connected so long in business here with Mr. David Heehinger, of the Oddfellows' Hall Clothing House.

"A grateful Mother"

endorses a remedy her son is taking for MALARIA. We do not know her and she writes of her own accord to praise

Brown's Iron Bitters.

The letter is dated July 17, 1894—just the other day—Washington, D. C.

"My son is taking Brown's Iron Bitters for dangerous Malaria, and it has done him a great deal of good."

Pork Packing.
(Cincinnati Price Current, September 27.)
The marketing of hogs the past week has been of decidedly moderate extent. Western packers handled a total of 165,000 head, compared with 100,000 head the preceding week, and 205,000 head for corresponding week last year. From March 1 the total is 7,415,000 head, against 5,840,000 head last year. The week shows a decrease of 40,000 head, and the season an increase of 1,575,000 head compared with last year. There continues considerable complaint in regard to the quality of hogs now offering; in some instances an improvement over the recent past is reported. Notwithstanding the limited supply the market has declined, and at the close prices are 20 and 25 cents per 100 pounds lower than a week ago, in a comparison of averages for Western centers. The extreme range in prices is being somewhat lessened, which suggests that the quality is to some extent running more evenly than previously.

Specimen Cases.
S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.
Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by J. James Wood.

Arrived, Wormald's Coal.
Peacock, semi-cannel and Pomeroy coal. Prices reduced. Terms cash.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

DELIGHTED!

We have everything to gain by trading on a narrow margin of profit. We could not fill our shelves with goods at the very lowest prices known in the market if we did not buy on a large scale, and we could not sell on a larger scale unless we gave the public the full benefit of our close buying. We love to make our discounts. Our business will grow steadily, because we give it close attention. We buy cheap; we can sell cheap. Try us, the people's grocers.
